2025 FURNITURE
INSPIRATION GUIDE

Summer 2025 Colour Inspiration

For summer 2025, Australian hospitality venues can take inspiration from the vibrant color palette of New York Fashion Week Spring 2024. Rooibos Tea, a bold, full-bodied red, is perfect for statement furniture pieces like lounge seating or feature chairs, creating an inviting, luxurious feel. Watercress, a refreshing green, adds energy and vitality, ideal for accent chairs or decorative elements.

Chambray Blue brings a relaxed yet stylish vibe to outdoor cushions or table settings. To capture the warmth of summer, consider incorporating Orangeade and Desert Flower—a lively red-orange and a warm pink. These playful hues can transform outdoor tables, bar stools, or cushions, creating a fun and welcoming atmosphere that invites guests to linger. This colour story will breathe fresh life into your venue, blending style with comfort and creativity.
